ficulty in collecting accounts, the directors of E. & T. Fairbanks & Co., St. for his projected sea serpent hunt. He Owing to financial conditions and dif-Johnsbury, have decided to defer dividends until times are more nearly normal. The quarterly dividend has not been passed, but deferred.

Will Be Prefitable Meeting.

Secretary F. L. Davis of the Vermont ships and speaks English well. State Dairymen's association writes as "We will prove to you by fifteen follows concerning the state meeting to said, "because rich folk are thick as such other business as or twenty witnesses that Orchard swors be held in Rutland on January 8 and blackberries there, and from what I have come before the meeting.

leged less of his rich Herchies interests. The only other man who had any interest in taking thel ife of Steunenberg was Jack Simpkins, and it would have to be shown that he had anything to do with it before I would believe it."

The defense will show, he said, "that the Vindicator explosion was a pure accident and that Orchard had nothing whatever to do with it. We expect to show that Orchard west out and hinted up all this crimes be could and claimed them as his own, beasting frequently of crimes which he never committed. He is a monomania for claiming crimes as his own which are not his."

It know of no better way for the are quite as risky as a sen serpent chase.

Olisen believes in sea serpents, though a told me he had never had the good fortune to see one himself. "But in my sea experience I have met many sailors that have," he added "and I'll accept to him "o begin the never year than to attend the annual dairy men's association is for good. It has a monomania for claiming crimes as his own, beasting frequently of crimes which he never committed. He is a monomania for claiming crimes as his own which are not his."

It know of no better way for the annual are quite as risky as a sen serpents that the good to the set of the grant the good fortune to see one himself. "But in my sea experience I have met many sailors that have," he added "and I'll accept their evidence any day against the opinion of their evidence any day against the opinion of the mysteries of the deep. If the people I know who have seen sea serpents only had money I would not have to addirectors for the ensuing year and for rimes which he never committed. He is a monomania for claiming crimes as lies own which are not his."

H. G. Woodraff, Secretary.

Barre, Vt., Dec. II, 1907. "I know of no better way for the are quite as risky as a sea serpent men's support and the co-operation of all those who have a direct or kindred yachts have never spotted one."

interest. Each man who becomes a "Have you devised any plan for catchall those who have a direct or attended interest. Each man who becomes a "Have you devised any plant member of the association or even at ing a sea surport." I queried.

"Of course I have," he a to the organization and, I believe, has wouldn't expect anybody to put money been made stronger himself. His attend- into the idea if I hadn't. What I propose "Something had to be done to bring back the troops," he said, "but they made a mistake of a few seconds and got a lot of men they never intended to."

Judge Wood denied the motions filed the motions filed back the troops," he said, "but they should be motions filed back the troops," he said, "but they should be motions filed back the troops," he said, "but they should be motions filed back the troops," he said, "but they should be motions filed back the troops," he said, "but they should be motions filed back the troops," he said, "but they should be motions filed back the troops," he said, "but they should be motions filed back the troops," he said, "but they should be a means to do is to apply, in principle, the method followed by modern whalers. You know they should be a back the troops, and the should be a perience of the speakers who have been only kills the whale but generates a lot by the defense that a verdict of acquittal be advised by the court. In considering the motion, which was based upon
want of sufficient corroborative setdence, Judge Wood reviewed the independent testimony as to each of the
erimes confessed by Orchard, and then
said:

"But as sea serpants don't seem to
come to the surface often they will have
printed, we have Mr. Ivan C. Well, now
of Washington, D. C., recently appoint
ed assistant dairyman to the U. S. department of agriculture. Mr. Weld will
partment of agriculture. Mr. Weld will
methods. Instead of trying to shoot a give a talk to the creamery boys of harpoon into a sea serpent, one will have Vermont, and is well qualified to inyears of experience in New Hampshire bomb. When the sea serpent swallows (his native state) as a creamery man-the balt he will swallow the bomb, too, therewith to require the submission thereof to the jury."

Judge Wood said that there was no independent testimony connecting the defendant with the death of ex-Governor Steumenberg, except that which tended to show his connection with the central submission age. Quite a sum of money, from our appropriations, together with donstions from the different manufacturers of dairy supplies, and with the proceeds of sale of butter exhibited, will, and ought to, be quite an inducement to ought to, be quite an inducement to the restrictions. The ball he will be a particularly fing one to do the business. When the sea serious from the different manufacturers of dairy supplies, and with the proceeds of sale of butter exhibited, will, and ought to, be quite an inducement to the restriction.

every creameryman and dairyman of the state to bring or send a sample of loose, even if the bomb don't kill it. Of butter or cheese. We have three fine loving cups valued at \$25.00 each, to be given; one to the maker of the highest everything out, and provided for fixing everything out, and provided for fixing that it can't be discharged. scoring creamery butter, one for the the bomb so that it can't be discharged highest according dairy butter, and one by more contact with the sea bottom."

But supposing the bomb didn't kill thibition; also a gold medal valued at the serpent right off it might, if it should turn out to be as big as some of the sea this convention. The Ladies' Auxiliary serpents one reads about, make things
